THE PHILIPPINE BILL QUIET AT PANAMA

Senator Lodge Opened the Debate Yesterday in the Senate.

A Position of Preference Has Been Given the Bill Until Finally Voted On.

ELOQUENT ARGUMENT OF MR. LOOGE

Washington, Jan. 22.—For nearly three hours yesterday the Senate had under consideration the Philippine tariff bill. The measure was made the unfinished business, and probably will hold that position of preference until it shall have been voted on finally. The debate was opened by Mr. Lodge of Massachusetts, chairman of the committee on Philippines. He sketched in a free hand way the reasons which had actuated the majority in presenting the measure, and urged strongly its enactment into law. He appealed to Congress to deal with questions relating to the Philippines as they might arise, and to keep clear of vague warris and vague promises, which were likely to be misinterpreted, and to raise false hopes in the minds of the Filipinos. An impassioned oration he brought Congress not to give mortgages on an unknown future.

Mr. Rawlins of Utah delivered a vigorous speech in support of the minority substitute, to which independence was promised to the Filipinos as soon as a stable government could be established in the Philippines.

As a conclusion of the debate for the day, Mr. Bacon of Georgia sharply criticized the secretary of war for an alleged violation of the law in issuing an order permitting vessels flying a foreign flag to participate in the commerce between the United States and the Philippines.

In introducing a bill for the reclamation of arid lands, Mr. Hanchett of North Dakota said that it was a measure unanimously agreed upon by Senators and Representatives of thirteen states and three territories.

A resolution offered by Mr. Mitchell of Oregon calling upon the secretary of war for complete information regarding the transport service of the United States was adopted.

THE LEGISLATURE

McCREEY IS ELECTED STILL SOME MORE—OTHER PROCEEDINGS.

Frankfort, Jan. 22.—The two houses at noon in joint session elected McCreey Senator again. The Franklin county claim bill passed the senate and was the first to pass either house. The Farris bill, returning to the viva voce method of voting, was passed in the senate.

Five senate bills were introduced today. Coleman's bill to place the appointment of jutors for state buildings in the hands of the sinking fund commission was passed by a party vote.

Several house bills were introduced, but the capital bill hangs fire.

Allen's bill to add \$21,000 to the militia appropriation passed the senate.

TELEGRAPHER'S CONTEST

FAST MEN OF THE SOUTH TO POUND BRASS AT ATLANTA FOR GOLD MEDAL AND CASH PRIZES.

Atlanta, Ga., Jan. 22.—The telegraphers of the South will hold a fast sending tournament in Atlanta February 23. The contest will be representative of the South, and the tournament therefore is open only to those south of the Ohio river. The prizes, so far as determined, will be a gold medal and \$50 in cash to the winner; \$35 as second prize, and \$15 to the third best man. Other classes will be announced later. The contest is open to all those engaged in telegraphy, and includes railroad operators.

EXPERT COUNTERFEITER.

SUPPOSED TO HAVE BEEN CAUGHT AT GAINESVILLE, TEX.

Newton, Tex., Jan. 22.—United States court officials report the arrest at Gainesville of T. H. Reagan, whom they class as the most expert counterfeiter that ever operated in this state. Indictments on fifteen counts have been found against him by the federal grand jury now in session at Dallas. Reagan is accused of raising silver certificates and other treasury notes from small denominations to large ones, the counterfeiting being so cleverly executed that some of them passed through the Texas banks. Reagan is in jail at Gainesville tonight, but is to be taken to Dallas tomorrow by Chief Forester of this division of the secret service.

THE CITY LOST AGAIN

There Were Only Five Killed In the Recent Battle, It Seems.

The Foreigners Refused to Obey Orders When the Pinch Came.

THE DEATH OF GENERAL ALBAN

Panama, Colombia, Jan. 22.—All is quiet here today. Gen. Herrera, the revolutionary leader, informed Capt. Meade of the United States Consulate Philadelphia that he came here to prevent the Colombian government using the steamer *Lautaro* against the Liberals. He had no accomplished this, and, therefore, retired.

The revolutionists had seventeen wounded in Monday's engagement. The number killed cannot be precisely ascertained. Of the government forces, five men were killed and four wounded.

The exchange of prisoners was responsible for the disaster to the government. From the former revolutionists heard of the plans of the government. The *Lautaro*'s circulating pump was out of order, and she had to steam up when she was attacked by the *Pinch*. The *Pinch*, which was recently painted in to deceive the government officers to her identity, advanced unrecognized to a spot about 800 meters from the *Lautaro*. She then began firing at the *Lautaro*. The position of the latter prevented her from using her two big guns mounted forward, but she returned the *Pinch*'s fire with her small after guns. *Pinch*, however, was the first man killed. The foreign crew of the *Lautaro* refused to obey orders. General Alban, who displayed great courage, was shot on the steamer's deck.

Then *Pinch*, a veteran officer, has been appointed military commander of the district in succession to Gen. Alban. Gen. Arjona is the civil governor. It is believed that the revolutionary ships were damaged. The capture of Panama by the revolutionists is considered impossible, owing to the number of government troops here.

The revolutionists are reported to be at Los Llanos, eight miles from Paducah. Passengers who arrived here by the train leaving Colon this morning report having met a number of revolutionists at Gordon's station. A sign sent by the revolutionary general *Pinch* was captured here yesterday. Papers were found upon him which compromise certain important Liberals.

CENTRAL UNION

A Meeting Will Be Held Tonight to Consider Caulkers Grievance.

Eight of Them Went on a Strike at the Dry Docks.

A meeting of Central Labor Union is called this evening for the purpose, it is understood, of hearing a grievance from eight ship sailors who have been at work on the Paducah Dry Docks.

It is understood that the men claim their hours of work were cut down from ten to eight because of government work on hand, on which only eight hours' work a day is permitted. This cut down sixty cents a day, and as it was no fault of theirs, and they want to work full time, they claim they should be paid for the full ten hours or allowed to work that long and earn it.

Superintendent Young Taylor, however, states that the work he has was contracted for on a basis of thirty-five cents an hour, and he paid the men thirty cents an hour. If he pays them \$2 a day for eight hours, he will be paying them 32 1/2 cents an hour, instead of \$3, and will be losing 2 1/2 cents on every hour they work, which he allows he cannot stand. He claims he is no more to blame for the restriction to eight hours a day when they formerly worked ten, than they, and will not pay for something he isn't getting.

Superintendent Taylor says that if the men do not desire to return to work at the present rate, \$2.40 for eight hours, he will get new men.

WILL BE REAPPOINTED.

THE JURY AWARDS R. M. ALLEN \$1500 DAMAGES AGAINST CITY OF PADUCAH

The Jury Awards R. M. Allen \$1500 Damages Against City of Paducah

The Verdict Brought In This Morning—Police Court Session Quite Lengthy.

NEWS FROM THE OTHER COURTS

CIRCUIT COURT

The jury in the case of R. M. Allen against the city of Paducah for \$3500 damages this morning about 10:30 o'clock brought in a verdict in favor of the plaintiff for \$1500 damages. He sued for \$3500 for the location of the city's post house adjacent to his farm about five miles from the city on the Flipperville road, and at a former trial was awarded \$2500 damages.

The city took an appeal and the appellate court reversed the lower court and sent the case back for another trial. This was concluded yesterday afternoon after a week consumed in hearing the evidence. There was considerable expert testimony introduced, and four speeches were made before the case was given to the jury about noon yesterday.

Mr. Allen is one of the best known men in the country. When the post house was first built about three or four years ago, the city had a great deal of trouble, and several times the hospital wagon was fired on by some one in the vicinity, and some of the people whose houses were never even went so far as to fence up the road. The city will immediately make a motion for a new trial, and if refused will take an appeal.

In the case of the National Wall Paper company against C. C. Lee, the plaintiff filed a general demurrer to the defendant's answer, which was sustained with leave to amend.

In the case of Berthie Leisner against Earl C. Leisner, a claim of \$20.97, was filed for the Capital Paper Co.

At press time the case of W. H. Rohrer against the I. C. railroad, for \$20,000 damages, was on trial. The capture of Panama by the revolutionists is considered impossible, owing to the number of government troops here.

The revolutionists are reported to be at Los Llanos, eight miles from Paducah.

Passengers who arrived here by the train leaving Colon this morning report having met a number of revolutionists at Gordon's station. A sign sent by the revolutionary general *Pinch* was captured here yesterday. Papers were found upon him which compromise certain important Liberals.

Ed P. Nibley deeds to C. S. Acree, for \$220, property on Jefferson street.

C. S. Acree deeds in J. B. Hall, for \$800, property in the west end.

Alto B. Cowgill deeds to Laura S. Polley, for \$2,250, property near Ninth and Monroe streets.

Dick Keeling, colored, aged 25, of the city, and Ella Merrie, of the city, age 21, were licensed to wed today. It will make the first marriage of the groom and the second of the bride.

The liquor license of J. T. Farmer was this morning transferred to Fred and Bonner. The saloon is located in Mechanicsburg.

The transfer company is today moving the big safe, owned by Mr. Wm. Tully, formerly the property of his father, to his livery stable.

Fred Beyers and others deed to Wm. Tully, for \$1,200, property in the con-

ty.

It is understood that the men claim their hours of work were cut down from ten to eight because of government work on hand, on which only eight hours' work a day is permitted.

This cut down sixty cents a day, and as it was no fault of theirs, and they want to work full time, they claim they should be paid for the full ten hours or allowed to work that long and earn it.

POLICE COURT.

In the case of John Aaron and Pinckney Chidlers, breach of the peace, for fighting, the warrant was dismissed as to Chidlers and the former was fined \$5 and the costs.

The warrant against Dee Davis, ordered for coin stealing, was dismissed.

Ed C. Price, colored, was arraigned on two separate warrants, one for presenting a pistol and the other for carrying concealed and deadly weapons. The cases were both continued.

Jack Floyd, colored, was held over to the circuit court on the charge of criminal assault. He is arrested for fighting, and the warrant was dismissed as to Chidlers and the former was fined \$5 and the costs.

Arch Reed, alias Wilson, and Bertie Daine, colored, were held over for fighting in an immorality case.

Julie Neal, colored, was held over for the same charge in the same case, but was recognized to appear before the circuit court.

The New Public School Session Begins on Feb. 1st.

Graduating Class Will Round Up Its Work—Has Been Handicapped This Year.

THE COUNTY SCHOOLS ARE CLOSING

The latter part of this week and all of next week will be consumed in examining the senior classes—the local public High School. With the end of the month comes the present term, and on February 1st the class will take up new studies and discard old ones.

The changes in the studies of the under classes will not be made for some little time. The rating at the schools is done by general average of the month's work, but the examinations at the end of the terms and the tests given during the month, all go into the average.

The work of the senior class was held back somewhat this year by the delay of the desks that should have been in the rooms at the opening of school, but which did not arrive until over one month later. The pupils could not do the best of work while so handicapped, but the studies have been pushed and the class is fully up to the work.

This is the regular time of the change in studies, and with the passing of the next week the present term will be a thing of the past, and the graduating class can start down the straight.

The executive committee of the Elks Jubilee Carnival this morning received a telegram from Mr. Gaskill of the Canton Carnival Co., stating that he would be here on the 27th inst. to further confer with the members relative to the carnival contract.

That is the date, it will be remembered, that the contract is to be let.

The committee has decided in have a "Governor's Day," when Governor Beckman and staff will be here from Frankfort. Mr. Harry G. Tandy, assistant secretary of state, and a member of Paducah Lodge, will be chairman of the committee to invite him here. The other members of the committee will be County Judge Lightfoot, Mayor Yeiser and former Mayor Lang. Elaborate preparations will be made for his entertainment, and there will doubtless be a large crowd on that day.

The committee is also considering the advisability of having a soldiers' reunion day, on which all the old soldiers could come to the city and have a good time and see the sights. It has been a good many years since a soldiers' reunion here, and perhaps an enormous crowd would attend on that day.

The executive committee is receiving bushels of letters every day for concessions, privileges and such things, which shows that Paducah is unprepared as a carnival city, and that everybody knows it.

This is the first collision to occur on the Central City district for some time. The wrecker was sent out at 7:45 this morning, following the early accommodation train. Train No. 103 from Louisville to Memphis, was the only train to Paducah delayed by the accident.

It is understood that the freight train was on the other's time, and for some reason failed to get off the main line.

Flagman Tully went back to flag the canon ball, but didn't get far enough. The engineer of the passenger jumped about where the flagman was standing. About eight cars were telesc

MUNICIPAL EXTRAVAGANCE.

Former Mayor Lang is quoted in a contemporary in protest to the council's evident intention to add three stationmen to the fire department. But it will do no good. The city council, with a big deficit staring it in the face, has already increased salaries and created new offices to the extent of \$10,000 more a year than is provided for in the last levy, and the city itself was to a small extent, before any of these additions were made, according to the administration that is responsible for it. The city is now borrowing money. It costs several thousand dollars a month to defray the current expenses, and about the only revenue coming in is that from a few scattering licenses, and the dwindling collections of the tax gatherer, which do not reach a thousand dollars every two weeks. There will be no revenue of consequence until May, when the licenses are due. It is estimated that about \$25,000 or \$30,000 will in this way be collected. But May 1st is some little distance away, and the meantime the council continues to add to the expenses, and borrow money to pay for those it already has. How much has been borrowed thus far is not known, but the fact that the city treasurer this morning declined to state the amount when asked, indicates that it is large enough to make the gang want to keep it quiet. Ordinarily the public would have a right to know how much money it was borrowing, for it has to pay it back, but the city treasurer does not appear to agree to this universally recognized fact.

Some time ago a statement of the financial condition of the city was asked by a member of the city council, but nothing definite has yet been reported to the council. It is not clear whether the council found it was so large that they dare not have a show down, or the report is simply not ready. The council has gone ahead and acted on the second class matter, however, which, it was stated, was what the report was wanted for, and it is presumed that no detailed report will be read to the council or made public. It will have to come later, however, and when it does the taxpayers will begin to understand what the Sun has meant all this time in hammering away at municipal mismanagement and extravagance.

In the meantime, if anyone can think of no more officers that might be created, or any salaries that have not been increased, he will please report to the council at once. Money is now coming easy, because we are borrowing it, and the council wants to go easy.

Nothing the state legislature could do would astonish those who have been watching in cities. It has taken no time presenting silly, unimportant and ridiculous bills than my legislature for years. Some of the legislators do not seem to have the intelligence of a twelve-year-old school boy. One of the most prominent senators not long ago introduced a bill appropriating money for a state capitol. The fact that all such bills have to be introduced in the house shows that he didn't know the fundamental principles of the government for which he was sent up to legislate. Not a day passes but that something stupid and silly is done. Not content with the needless animosity the Schley case has already aroused in many parts of the country, the Kentucky legislature had to take a flag at it, and yesterday passed a resolution endorsing Schley and asking him to address the legislature. This ought to completely vindicate the admiral. Of course the yokels up there at Frankfort know all about it. They know the facts, and know the usual rules alleged to have been violated. They are greater than the board of inquiry. The enclaved men, with unsealed records, should have called on the members of the Kentucky legislature for information. Now that the latter, in regular

session, has vindicated Admiral Schley, the latter ought to accept their flattering invitation to come down and address them. Naturally he couldn't expect to tell such wise men anything they don't already know, but he could show them his gratitude for clearing his name by coming. It would be quite a honor to him to address such a distinguished body of men. As a favor, in return they might have the order read the admiral some of the bills they have introduced in this session to protect rabbits, and provide for the landscaped conception of green spaces in winter.

Mr. Justice Goebel has at last come back to Kentucky to answer to the indictment found against him in Covington for alleged bribery. He is out in a long ear explaining how it happened. He tells a pretty plausible story. He ought to, for he has had plenty of time to get up a good one, the Democratic gang at Frankfort. In its hypocritical claim of wanting to bring law breakers or alleged law breakers to justice as justification for making such efforts to get Governor Taylor back, never having issued a requisition for Goebel, or made the slightest effort to get him. The gentlemen say that all he wants is a speedy trial and an honest jury. This is not very explicit, however, as the Democrats have a very peculiar idea of what constitutes an honest jury. As there is no criminal lawyer from New York, however, to map out a course for the prosecution, not due to \$100,000 reward fund to entice and reward perjurers, and it is not the custom of democratic courts to allow unprejudiced juries to sit in a case, he should encounter no trouble in getting a prompt acquittal. All he has to do is to let Judge Cantrell try the case, and let some Democratic sheriff summon the jury.

"When thives fall out" was clearly illustrated a few days ago, when a man claiming to be a jewelry druggist had two men arrested at Gretz, La., for stealing a large quantity of jewelry from him. The men, in turn, declared that the man himself was a thief, and had stolen the goods. All were committed to jail, and it developed that the man who did all the complaining was a New York violin who had stolen about \$75,000 worth of jewelry.

The Isthmian canal commission has suddenly recommended the Panama route, and that the offer of the company to sell for forty million dollars be accepted. The reason that the commissioners made such a sudden turn about is that the price of the Panama property was first fixed at \$109,000,000, which was more than they thought should be paid. At \$40,000,000, however, it is believed this government could not do better than accept.

Former Governor Bob Taylor of Tennessee has virtually announced that he will try to be the next United States Senator from Tennessee. He is another one of the retired politicians who decided several years ago to go out of politics. They all usually wait until they get put out.

It cannot be promised what will be reported tomorrow, but today it is that the brigades have agreed to accept the ransom raised for the rescue of Miss Stone, and will release her. Provided, of course, that the simultaneous production and duly deposited to the aforesaid brigades.

Judging from the number of public libraries Mr. Carnegie offers to establish in Kentucky, one would think we are great readers. He ought to send a few books on civil government like those they study in school to some of the legislators.

They've had another little misunderstanding in our South American neighbors, and to vary the monotony sank a ship or two and killed a few revolutionists. If this keeps up, they will learn to fight presently.

President Roosevelt has signed the check returning to the Chinese \$375,000, taken from them during the Boxer trouble. We are very glad to give it back. It wasn't enough, anyhow.

It is claimed that Great Britain caused the non-intervention of European countries in the Spanish-American war. We can't help believing, however, that it was the United States.

Even the Paducah city council, which seems to think that people would rather pay for two telephones than one, would be an improvement over the Kentucky legislature.

We are after most everything else just now. Why not invite Prince Henry to come to Paducah when he arrives in America?

THE OFFICERS RE-ELECTED

The officers of the Street Railway Co. were re-elected yesterday afternoon, are: George C. Thompson, president; G. C. Wallace, vice president and general manager; T. J. Flannery, secretary; W. W. Powell, assistant secretary; G. Thompson, superintendent; and Dan B. Simon, assistant superintendent.

WILL BE INVITED HERE

Rev. P. F. Branson, a priest orator from Weatherford, Texas, who has been holding meetings at Hopkinsville, will be invited to come to Paducah and lecture next week at the St. Francis De Sales church. Mr. Branson has held several important civil positions, once having been mayor of Weatherford.

Try Dr. Jemelle's tooth powder. It is warranted to be the best offered to the public.

NEW CONCERN

BIG MILL WILL BE ESTABLISHED AT VIOLA.

There is an effort being made, with fair prospects of success, to organize a stock company of \$10,000 to establish a roller, grist, saw and planing mills and general store at Viola, a flag station between Hickory and Boca.

The stock has almost all been subscribed, and Mr. Bird Warford, who is the chief promoter, says there is hardly any doubt of its success.

If this scheme goes, business will take on new life at Viola.

IT IS A GO.

CONTRACTOR KATTERJOHN GETS THE BIG ILLINOIS CENTRAL CON-TRACT.

Mr. F. W. Katterjohn, as stated yesterday, secured the \$1,500,000 contract mentioned yesterday as having been let by the Illinois Central, and goes to Chicago today to have the papers signed up. It will purchase, before it begins work, about \$40,000 worth of the latest improved machinery, and will be called to every part of the vast Illinois Central system when he begins.

The class of work will include nearly every part of road improvement except bridge and track building, and the letting of such a vast contract to Mr. Katterjohn speaks well for his ability. While he will be kept away from Paducah a great deal of the time during the five years the contractor, his family will remain here, and this will be his home.

TO PURCHASE MACHINERY.

FORMER MAYOR LANG TO ADD A LABORATORY TO HIS DRUG STORE.

Former Mayor James M. Lang leaves tomorrow for Memphis and New Orleans to purchase machinery for a laboratory he is to fit to Lang Brothers' drug store. It will be placed in the second story, and will be used in the manufacture of the remedies that are made by the firm.

Dr. Lang stated that he had neglected his business for the past four years, while mayor, and had to catch up.

"I have always heard," he said, "that when a man once got into public life he was ever afterwards fishing for further public honors. I am going to prove that there are exceptions to the rule. I am going to settle down to business and stay there."

LORE OF BON ITALUES.

THEY HAVE BEEN ESTABLISHED IN MANY OF THE CITIES.

Some time during the early part of last spring the order of Buffalo was brought to Paducah, and it was only a short time until nearly everybody in the city was a full-fledged member. It was more of a joke than anything else, and it was a great hit. A long list of rules and regulations was published, which allowed the Lodge to meet at all times and in any place, and any person over sixteen years of age could become a member. Anyone could initiate an applicant, and the result was that much fun was had out of the order at other people's expense.

It is no longer a joke, for a national order has been organized with headquarters at Indianapolis, and lodges are being instituted throughout Indiana and other states. It is on the order of the Elks, and is growing to be very popular.

A herd of Buffaloes was instituted in Evansville Monday night with 200 members, and it may be but a short time before a Lodge will be organized in Paducah.

GOOD ROADS LAW.

MEETING OF THE KENTUCKY ASSOCIATION JANUARY 28.

The legislative committee of the Kentucky Good Roads Association will meet in Louisville Tuesday, January 28, for the purpose of formulating a good roads measure for presentation to the legislature. Letters have been sent to county judges in the state asking that any suggestions they may have to make with regard to the contemplated measure be sent to the committee at once. In addition, it is requested that any citizens who have suggestions to make also send them in.

CATARRH OF THE STOMACH

A PLEASANT, SIMPLE, BUT SAFE AND EFFECTUAL CURE FOR IT

Catarrh of the stomach has long been considered the next thing to invincible. The usual symptoms are a full or bloating sensation after eating, accompanied sometimes with sour or watery risings, a formation of gases.

The stock has almost all been subscribed, and Mr. Bird Warford, who is the chief promoter, says there is hardly any doubt of its success.

If this scheme goes, business will take on new life at Viola.

TRUE HAPPINESS.

COLONEL LEMON TELLS OF A M'CHACKER COUNTY MAN.

The Mayfield Messenger, in order to show an instance of unployed happiness, tells this story:

"We have in mind one Charlie Hampshire, who was once a citizen of Marshall county, near Sharpe, but in later years moved eight miles west of its town, in McCreary county.

There were eighteen children born to his family—nine boys and nine girls.

They had a long table in their dining room, and when the time came to eat, the man would sit at one end of the table and his wife at the other, and the nine boys on one side and the nine girls on the other. This is what they would say made up true happiness. This was a prosperous farmer. Their mother is now a good looking woman with plenty of this world's goods about her. Sixteen or seventeen of the children are now married and are doing well."

THE TAX REDUCTION.

A TOTAL OF \$10,000 ON TAXACO AND WHISKEY

Washington, Jan. 22.—Teleaco and whiskey are to have a tax reduction according to the present Republican program. Tax is to get ten cent reduction, making a total of \$10,000,000.

There is often a foul taste in the mouth, coated tongue and if the interior of the stomach could be seen it would show a slimy, inflamed condition.

The cure for this common and obstinate trouble is found in a treatment which causes the food to be readily, thoroughly digested before it begins to ferment and irritate the delicate mucous surfaces of the stomach.

To secure a prompt and healthy digestion is the one necessary thing to do

and when normal digestion is secured the catarrhal condition will have disappeared.

According to Dr. Harlanson the safest test treatment is to use after each meal a tablet, composed of Diastase, Aspergillus, a little Nux, Golden Seal and fruit acids. These tablets can be found now at all druggists under the name of Stuart's Dyspepsia Tablets and not being a patent medicine can be used with perfect safety and assurance that healthy appetite, thorough digestion will follow their regular use after meals.

Mr. N. J. Roher, Chicago, Ill., said:

"Catarrh is a local condition resulting from a neglected cold in the head, whereby the lining membrane of the nose becomes inflamed and the sponges discharge therefrom passing backward into the throat reaches the stomach, thus producing catarrh of the stomach without cure.

Medical authorities prescribe a rite for me for three years for catarrh of the stomach without cure,

but today I am the happiest of men after using only one box of Stuart's Dyspepsia Tablets. I cannot find words to express my good fortune. I have found flesh appetite and sound rest from the nose.

Stuart's Dyspepsia Tablets is the safest preparation as well as the simplest and most convenient remedy for any form of indigestion, catarrh of stomach, flatulencies, sour stomach, heartburn and bloating after meals.

A BARGAIN IN GLOVES.
Something more than a warm heart and an open hand is needed in dispensing charity. A Boston woman who wanted to be generous found this to be true in at least one case.

She had been giving to a poor family, consisting of a mother and three grown daughters, a regular allowance of six dollars a week, until the daughters should find employment.

The eldest daughter called at the house every Saturday to receive this allowance. One week she appeared on Thursday, and wanted to know if it would be "quite convenient" for her benefactress to advance the money that day, instead of waiting until Saturday.

"We are in need of fuel and flour, and the man will call this evening for the weekly rent, and we haven't a penny to give him," she said.

"How does it happen that you are in this condition this week, when the six dollars I have been giving you has satisfied 50% of your weekly expenses in the past?"

"Well, I'll tell you," replied the young woman, frankly and calmly. "Mamma was down town yesterday, and she came across such a genuine bargain in kid gloves that she felt that it would be almost wicked not to take advantage of it, so she got each of us girls and herself a pair. They're regular two dollar gloves, marked down to seventy-nine cents a pair, and mamma didn't know when she'd ever have another chance to save four dollars and eighty-four cents on four pairs of gloves, so she got them, and who could blame her?"

HENRY'S MONUMENT.

One of the charms of life in the country is its moderation and freedom from hurry and excitement. It is possible, however, to have too much of a good thing, as is evident which happened recently in a New England farming district incident.

Farmer Allen had gone up into his attic to get a spinning wheel, for the tableaux which the summer borders were to produce in the town hall.

Like most country attics, it was packed with relics of several generations, but the thing which at once attracted the attention of the city girl who accompanied the farmer was a gravestone, tucked away under the eaves.

"Why, there's a gravestone," she said.

"Yes." The farmer dragged it out and turned its face to the light. The inscription on it read:

Sacred to the Memory of

Henry F. Allen,
Born 1850
Died 1876

"Yes, that's Henry's stone—he was my youngest boy."

"But why—begin the young woman.

"Why ain't I ever seen it up?" There was a slight pause. Farmer Allen was returning the stone to its place under the eaves. "Well, I've always meant to," he continued, mildly, "but I ain't never got round to it."

The many friends of G. H. Hansen, engineer, L. E. & W. H. R., at present living in Lima, O., will be pleased to know of his recovery from threatened kidney disease. He writes: "I was cured by using Foley's Honey Cure, which I recommend to all, especially trueman who are usually similarly affected."

J. C. GILBERT.

THE REASON.

A German professor who is given to great deliberation of speech, and has never been known to increase his speed under the most compelling circumstances, had an amusing experience in a restaurant not long ago.

The waiter had brought his raw oysters and to his dismay he saw that the professor had apparently no intention of tasting them.

"I cannot eat these oysters," said the professor, after one glance at the plate which had been set before him. "I can't eat them, sir," faltered the waiter. "I don't think there's anything wrong about them, sir." He looked miserably, having been told that the German was a frequent and valued patron of the restaurant, and must be well and quickly served.

"I cannot eat these oysters," announced the professor for the third time, with the calmness of one in a tragedy, "because na yel you have furnished me no fork."

CHILDREN POISONED.

Many children are poisoned and made nervous and weak, if not killed outright, by mothers giving them cough syrups containing opiate. Foley's Honey and Tar is a safe and certain remedy for coughs, croak and lung troubles, and is the only prominent cough medicine that contains no opiate or other poisons.

J. C. GILBERT.

OTHERS GO TO PRANKFORT.

Conseil Charles Reed and Ed Wilson left last night for Frankfort to join the Paducah delegation that is there to have the second class city hall passed and to advocate certain amendments to the second class charter. Former Mayor Lang was unable to attend.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Cataract. Hall's Cataract Cure is the only positive cure known to the medical fraternity. Cataract being a constitutional disease, required a constitutional treatment. Hall's Cataract Cure is taken internally, acting directly upon the blood and nervous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work.

The projectors have so much faith in its curative powers, that they offer one hundred dollars for any case that fails to cure. Send for list of testimonials. Address F. J. CHESEY & CO., Toledo, O.

CRUTCH-BOUND

The man with the crutch never fails to arouse the deepest sympathy and awaken the tenderest emotions of his more fortunate fellow being. The haggard countenance, swollen joints and twisted and deformed limbs tell a pathetic story of suffering such as Rheumatism alone can inflict. Only those who are painfully and slowly hobbling through life can fully realize what it means to be crutch-bound. They feel most keenly their helpless and dependent condition when it dawns upon them that they are no longer workers but unwilling drones in the busy world.

Rheumatism should not be neglected because the pains at first are wandering and slight. These are only the rumblings of an approaching storm of pains and aches that may transfer you from a life of activity to the ranks of the crutch-bound cripples.

Rheumatism is due to acrid gritty particles being deposited in the joints, muscles and nerves by an impure and too-acid blood, and the strongest constitutions or muscles of iron and nerves of steel can long withstand these corroding poisons. They penetrate to every fibre of the body, and no liniment, lotion or other external application can reach and dislodge them.

Finally the natural oils are consumed when there is a creaking, grinding noise with every movement of the limbs, the joints become locked and immovable, the muscles either contract, the nervous system gives way and the patient becomes a physical wreck and crutch-bound cripple. Rubbing with liniments may produce counter-irritation and afford temporary ease, but they cannot reach and destroy these corrosive particles, which are daily forming in the blood.

The correct treatment—the true cure for Rheumatism—is a remedy that will dissolve and wash out this inflammatory matter and expel it from the system, and no medicine does this so promptly and thoroughly as S. S. S. It neutralizes and eliminates from the blood current all poisons, noxious substances and makes the blood pure and strong again and, as it circulates through the body, all effete matter is gathered up and sent out through the proper channels. This rich new blood cools the feverish, throbbing muscles and joints and refreshes the tired nerves, and welcome relief comes to the wretched sufferer.

S. S. S. contains no Potash, Opium, Anodyne or mineral of any description, but is a guaranteed Purely Vegetable Compound. The strong minerals that are usually prescribed in Rheumatic cases act very injuriously upon the lining of the stomach, causing inflammation and a most distressing form of dyspepsia.

S. S. S. not only purifies the blood, but at the same time invigorates and tones up the whole system, increases the appetite, strengthens the digestion and restores the rheumatic sufferer to sound health again.

The party was an original and charming conceit of the hostess and was a beautiful symphony in every detail.

The tally cards were handpainted hearts, each one having a duplicate which matched the partners for the game. A number of ladies and gentlemen came after the game to the delightful four-course luncheon which was most attractively served. Especially effective was the bride's table which had a cover of pink satin with a bridal veil and center decoration of pink carnations.

Commodore Given Fowler gave a box party last night at The Kentucky. In it were: Mr. E. J.
